ESTABLISHED A. D. 1878

VOLUME 44 — CAMERON, MILAM COUNTY, TEXAS, THURSDAY JULY 14, 1921 — NUMBER 11

FEDERAL INSPECTOR IS IMPRESSED WITH MILAM CO. ROADS

INSPECTION TOUR OF COUNTY CONDUCTED BY CAPT. FAUNTLEROY TO DETERMINE AID.

Milam County was praised by Capt. Fauntleroy of the Federal Highway Department for the splendid system of roads now completed, following an inspection tour of the county last week in company with members of the Commercial Club.

Officers: Robert McLane, President

Following is the minutes of the meeting:

W. B. Skelton, Secretary.

Directors: J. T Parma, C. R. Philips, J. D. Dobbins, H. M. Hefley, F. S. Lesovsky, W. G. Gillis.

Committee Chairmen: T. F. Hardy, W. M. Cobb.

Minutes of previous meeting were read and upon motion adopted.

Judge W. G. Gillis announced the awarding of the contract for 20 miles of road north of Buckholts by the Commissioners Court, the grading and graveling of the road being awarded to Rice and Winder and the bridges and culverts to J. S. Barmore.

T. S. Henderson, Jr., Chairman of a committee appointed to work with the Membership & Entertainment committee and the Good Roadds committee in entertaining Major Hudson and Captain Fauntleroy State and Federal road inspectors, reported that County Engineer Mitchell took the inspectors over the Buckholts and Rockdale roads and the committee entertained them at the Newport Cafe with an excellent chicken dinner. Capt. Fauntleroy stated that no aid could be counted on at the present on the Ad Hall road for the reason that the funds had been expended. He recommended that in future Federal aid roads be built through the entire state running North and South, East and West and be maintained by the state at large instead of the counties through which the roads ran.

Judge W. G. Gillis, representative of the club at the entertainment reported Capt. Fautleroy agreeably impressed with the progress of road building in Milam county. With regard to the Federal trunk lines mentioned by Capt. Fautleroy, the latter suggested that the proposed roads be connected up by county bond issues by the various counties of the state.

T. S. Henderson, Jr., chairman of the committee to investigate the Home Builders of America reported an offer from the latter organization to send the Declaration of Trust under which the company operated for further investigation. He was instructed by the president to call on them for the Declaration of Trust and to proceed with the investigation.

T. S. Henderson, Jr., introduced Mr. Waide, a writer on the Houston Chronicle staff. Mr. Waide made a short and interesting talk on the advantages of publicity and related an amusing incident of his experiences with a public service corporation in Houston.

President McLane stated that R. H. McIntosh, chairman of the Civic Improvement Committee, who was absent, had advised him that the committee was working on a plan for the establishment of a camping park for tourists. J. T. Parma reported that a number of proposed camping sites had been looked over but none as yet selected.

Upon motion from W. G. Gillis, seconded by J. D. Dobbins, Mr. Moulton Cobb was elected to membership in the club. Mr. Cobb made a brief speech, praising the work of the club and stating that he was proud to become a member of an organization that contributed so much to the upbuilding of the community.

DEEP OIL TEST TO SHUT DOWN

LOW PRICE OF CRUDE WITH DRILLING DIFFICULTIES THE CAUSE.

The Bremond Ranch Syndicate's deep test for oil on the Shelby Phillips place three miles southeast of Thorndale will close down next week.

The low price of crude oil with difficulty in securing adequate leases to make wild-catting profitable at present prices and difficulties encountered in drilling on the present site are given as the cause of abandoning this field by Ralph Babcock who has been in charge of hte work here.

The well is now down about 1,910 feet, according to Mr. Babcock, and as their contract with the lease holder is for a 2,000 foot test the drill will be kept going until this depth is reached in order to fulfill the contract, and the well will then be shut down.

"Wild-catting has been abandoned generally all over the country since the recent heavy drop in the price of crude oils," stated Mr. Babcock, "and this with the lack of co-operation in securing leases to justify the development of this field, and extremely rough drilling conditions makes it necessary for us to shut down"

When asked as to the future development of the Thorndale field by his company Mr. Babcock stated that he could not say as it was a matter that was up to the heads of the company.

TEETH OF PREHISTORIC ANIMAL FOUND TUESDAY

Teeth believed to have come from the Mastadon or some other of the prehistoric species of large animals which scientists claim roamed the Western hemisphere at one time, were found in a gravel pit near Cameron Tuesday by R. L. Story.

The teeth though petrified, show clearly the enamel which is highly polished and in a fine state of preservation. The were seen Wednesday at the Tiff Moore grocery store by scores of people attracted by the news of the finding of them in the gravel pit near Marlow.

TEXAS LEADS ALL STATES IN RATIO OF WHITE FARMERS

Washington, July 6—Facts about the race and nativity of men who conduct Texas' 436,033 farms were given out today by the census bureau.

Running far ahead of any other state in the number of farms. Texas was also far ahead of any other state in the number of native white farmers, with 327,408 as compared with 318,988 ten years ago

Texas has 20,760 foreign born white farmers as contrasted with 28,864 ten years ago. Negroes, Indians, Japanese and Chinese are listed together as "colored" farmers, and hence it is impossible to contrast negro farm population with that of 10 years ago. The four races of "colored" farmers now amount to 78,865 as compared with 69,918 ten years ago. Of the 78,865 "colored" farmers now in Texas, 78,664 are negroes, 154 indians, 29 Japanese and 18 Chinese.

The native white farmers in Texas now comprise 75.1 of the total farmers in the state as compared with 69.3 ten years ago. Foreign born white now amount to 6.9 of the total as compared with 6.8 ten years ago, and colored 18.1 per cent of the total as compared with 16.7 ten years ago.

Oklahoma has 167,460 native born white farmers, 5,790 foreign born white farmers and 18,737 colored. Louisiana has 167,460 native born white farmers, 5,790 foreign born white, and 62,059 colored. Arkansas has 158,273 native born white farmers, 2,049 white foreign born farmers, and 72,282 colored farmers New Mexico has 26,593 native born white farmers, 1,376 white foreign born and 1,875 colored.

Of the 6,448,366 farmers in the United States in 1920 5,498,359 were white and 950,037 were colored. The number of negro farmers in the nation increased 3.7 per cent between 1910 and 1920

Foreign Born Decrease.

Washington, July 6.—The number of foreign born farmers in the United States has decreased by 88,502 or 13.2 per cent, in the last ten years, the census bureau announced today. The decrease, which was 81,148 among German-born farmers alone, was due, it was said, to the large number of foreign born who returned to their native countries during the war.

Native white farmers who numbered 4,917,305 in 1920 constituted 85 per cent of the nation's tillers.

The number of negro farmers increased 3.7 per cent during the decade.

LOYAL DELEGATES TO W. O. W. MEETING SEATED.

August Horstman is in receipt of a communication from O. D. Baker of Gause, who is attending the national convention of the Woodmen of the World stating that all loyal delegates to the convention have been seated by a vote of 226 to 12. The insurgent delegates have been overwhelmingly defeated and this defeat is taken to mean that the controversy regarding the rates have been settled.

NOTICE.

To all persons interested in the Estate of M. H. Henson, Deceased:

Notice is hereby given that the will of M. H. Henson, deceased, has been duly probated wherein I was appointed executor, and that I qualified as such on the 8th day of June, 1921, and that my postoffice address is Cameron Texas, in care of Chambers & Wallace; and all persons having claims against the estate of the said testator are notified to present the same within the time prescribed by law.

11-3t; J. T. HENSON, Executor.

Band Concert Tonight at 8:15 O'clock Court House

Paul H. Medsker, director of the Cameron Concert Band has announced a band concert beginning at eight fifteen o'clock tonight on the court house lawn.

These concerts have been held in the park but it has been decided to hold them on the court house lawn so that they may be more accessible to the majority of the people.

In announcing the band concert Mr. Medsker says:

Friday night at 8:15 the Cameron Concert Band will render one of its best programs of the season. We sincerely wish you all to come and enjoy yourselves, the moonlight, the cool evening breezes and best of all the beauties of the music, as played by your own band.

Owing to many requests this concert will be given on the Court House lawn, commencing promptly at 8:15.

WOULD ORGANIZE CENTRAL LEAGUE

CAMERON BASEBALL FAN OUTLINES PROPOSAL FOR CENTRAL TEXAS TOWNS.

Formation of a new Central Texas leaue with Austin, Waco, Temple, Taylor, Cameron and Marlin and two other towns to be selected from a field of several at a later date is suggested by A. L. Pope of Cameron, manager of the baseball team of that town, which is here for a three-game series extending through Thursday

By having Sunday games in the first four named and larger towns and the Saturday contests at the smaller places, Mr. Pope expresses the belief that a three-month season could be made a success the first year.

"Pay-rolls could be limited to five or nine or any other number of men decided on," said Mr. Pope. He recently conferred with Ben Shelton, former president of the Gulf Coast league, at Waco regarding the matter and found him very enthusiastic over the idea.

Both Waco and Austin are former Texas league cities and the fans are longing for a return of the game, Mr. Pope says he feels that Temple Taylor, Marlin and Cameron are all logical towns for the circuit, since they are scattered through the territory embraced between the two larger cities, while there are quite a few other towns in this same section who would be willing to enter into the league.

"I favor making each town post a certified check by December 1, of this year, that they will play through the entire 1922 season," says Mr. Pope. He has obtained all details regarding getting the league into organized baseball and thinks the proposition can be put over.—Marlin Democrat.

TAFT IS SWORN IN AS CHIEF JUSTICE

TO RECEIVE $15,000 A YEAR, BUT WILL HAVE TO PAY TAX ON HIS INCOME.

Washington, July 11.—William Howard Taft was sworn in today as as chief justice of the United States.

The simple ceremony of elevating the former president to the supreme court was performed in the office of Attorney General Daugherty by Justice Hoehling of the district supreme court in the absence from the city of the justice of the supreme court. Those present included Mr. Taft's brother, Henry W. Taft of New York and John T. Adams, chairman of the republican national committee.

Later Chief Justice Taft went to the White House to pay his respects to President Harding. He was accompanied by Mr. Daugherty.

As chief justice, Mr. Taft will receive a salary of $15,000 and he will be the only member of the supreme court to pay an income tax, as he is the first justice named since the income tax law became effective.

SHARPE NEWS.

Last Sunday was big day at the Lutheran church of Sharpe. There was a number of young folks who joined church.

There was preaching in the morning and evening.

The young folk who joined were as follows:

Miss Leonida Wolle, Miss Janie Heintze Miss Marie Hedden , Clay Reichert, Arnold Denker, Herald Denker, Arnold Tag, Rudolph Zetlitz.

These young Christians knew their Bible studies splendidly. The parents, preacher and God can be indeed proud of them.

There were also two songs sang by Misses Lizzie Reichert, Leonida Wolle, Marie Hedden and Messrs Ben Reichert and Clay Reichert. These Jesus is all the World to Me. and He is so precious to me. Rev. Scheffell and wife sang the following songs: "Where Is My Wandering Child Tonight, an d"God Be With You Till We Meet Again."

Rev. Scheffel and family will take a four months' trip to Germany. All wish them a most enjoyable trip.

A crowd of friends gathered at the home of Mr. Elo Wolle on the 5th. inst., to take part in the celebrating of his 38th birthday. There were games of "42" played and a midnight lunch enjoyed. All had a good time and wished Mr. Wolle many more happy returns of the day.

Mr. and Mrs. Giles Avriett and little son Giles, left last Friday for a weeks' stay in Galveston.

FOR AMENDMENTS TO BANKING LAWS

WOULD MAKE IT A FELONY TO MAKE DAMAGING REMARK ABOUT STATE BANK.

Austin, Texas, July 11—Recommendation of approximately eight amendments to the state banking laws to be submitted at the special legislative session was the result of the meeting of approximately twenty-representatives of state banks with Banking Commissioner Ed Hill here today

The most important of these proposed amendments are amending the law so as to make it a penal offense for any person to make a damaging remark or statement againist a state bank, to abolish the so-called bond feature of the state banking system, thus forcing all state banks to operate under the guaranty fund plan. At present a bonded bank does not have to be a member of the guaranty fund It is also proposed to raise the guaranty fund from two million to five million dollars and to ask for an appropriation of between $10,000 and $15,000 to enforce the state banking laws.

These amendments were submitted by Mr. Hill and met the approval of his conferees, also of the lagislative committee of the state banking association which also met with Mr. Hill today.

It is planned to ask Governor Neff to submit these proposed amendments to the legislature at the special session.

MILANO YOUNG MAN IS KILLED IN AUTO ACCIDENT.

News reached Milano relatives last Friday evening to the effect that Sam Holland, a former Milano citizen, had been killed in an automobile accident near Mart. The body was sent to Milano Saturday and laid to rest in the Milano cemetery, Rev. H. M. King conducting the funeral services. Deceased was the son of Mrs. J. B. Holland and was a Milano raised young man. It is understood that the car in which he was riding colided with another car and death was perhaps instantaneous. The young man left Milano several years ago and has been at Mart ever since. The accident is deplorable to the relatives here at home and also to the entire citizenship.—Milano Gazette.

MUST DIP ALL CATTLE AROUND MILANO JULY 15.

All cattle in the Milano dipping territory must be dipped on Friday of next week, July 15th, at the Milano dipping vat. Such is the mandate issued by Inspector R. Beard who says he has found ticks on some cattle around Milano where some infection has been found among the cattle. The order includes everybody's cattle, milk cows and calves, or other stock infected with ticks. Many head of cattle have been exempt from the dipping this year where they were properly cared for and examined, but even these cattle must be dipped on July 15th. Right now is a critical period of the dipping season, and any infection on cattle that might get by means that the three years' of hard work on the cattle owners would be successful.—Milano Gazette.

EXPECT QUARANTINE RELIEF

Dr. W. L. Endsley representing the Fort Worth office of the Bureau of Animal Industry was in Cameron on Wednesday and Thursday of last week in conference with Dr. J. L. Shabram. Dr. Endsley expresses his approval of the progress of the Tick Eradication work in Milam county, and states that with the continued cooperation of the stockmen for the balance of the season, few herds will be left under quarantine this fall.

MUTUAL INSURANCE COMPANY HOLDS 3 DAY MEETING HERE

FARMERS' MUTUAL PROTECTIVE ASSOCIATION DRAWS DELEGATES FROM OVER TEXAS.

The sixth convention of the Farmers' Mutual Protective Association of Texas which convened in Cameron Tuesday for a three day meeting, the first to be held in four years, will close today.

Delegates to the convention were formally welcomed to the city of Cameron by Mayor U. S. Hearrell in an address in the court house Tuesday morning. This address was responded to by M. Pazdral of West, legal advisor of the association.

After the welcome the delegates gathered at the Legion hall for the first business meeting of the convention. Election of officers was held Wednesday.

Officers of the convention were: J. A. Drozd president, Tom Drozda vice president, J. N. Vavra F. J. Maravek, secretaries.

During the last four years the association has paid out in damages $63,932.65. This company operates on a mutual basis and its membership is restsricted to farmers.

At the last convention held in 1917 total property insured was $6,448,139. On June 30, 1920 the total insurance was $9,363,840. The present membership is 4 772 distributed in 121 lodges in Texas.

The association writes insurance against fire and lightning, and storm. The rates are exceptionally small. Insurance paid by members from 1917 to 1918 was 4 cents on each $100. In 1918 to 1919 the rate was 2 cents, 1919 to 1920 28 cents, 1920 to 1921, 3 cents, average per year, for the past four years 9 cents.

From 1917 to 1918 the company paid out for each $100 worth of insurance 62 cents, next year 17 cents and from 1919 to 1920, 20 cents, 1920 to 1921 18 cents. The average for the four years was 29 cents.

The association was incorporated in April 1901. The membership is not restricted to Bohemians but all farmers are eligible for membership.

NOTICE.

In a very short time I will begin compiling the Tax Roll for 1921. If any person in any part of the county has been overlooked or missed by the deputy assessor in your beat or for any reason you have not rendered your property for taxation for this year, please write me at once giving list of property owned, or come in to the office and give me your assessment. I am very desirous of getting every one on the rolls, and take this method of calling your attention to the fact that there remains only a few days until I will begin to compile the record.

Yours truly,
LEILA WOOLEY.

ONE DAY COOKING SCHOOL HELD HERE

MRS. ADDIE SULLIVAN DEMONSTRATES CANNING TO CAMERON WOMEN.

A one day cooking and canning school was conducted in Cameron Tuesday by Mrs. Addie Sullivan of the home economics department of the A. & M. College. This demonstration was held in connection with the extension service of the college assisted by George Banzhaf, county demonstrator.

While the attendance was small, the day was counted a success with a great deal accomplished by Mrs. Sullivan in showing the advantages of canning food stuffs for the home.

Mesdames Hicklin and Dollie Chisholm who have been visiting their daughter and sister, Mrs. R. D. Brown left Wednesday for Weatherford.

Miss Ruth Wily went to Temple Sunday, returning Monday afternoon.

BUSINESS FAILURES ARE MORE, BUT LOSS IS NOW MUCH LESS.

"More business failures, but less loss to creditors," is the gist of the annual bankruptcy report of L. C. Masterson, clerk of the federal court for the southern district of Texas, for the fiscal year ended June 30, 1921, as compared with the previous fiscal year.

The report, completed Saturday, shows that 93 voluntary and 24 involuntary, a total of 117, bankruptny cases were filed during the year in this district composed of 44 counties. The previous year there were 36 voluntary and six involuntary cases.

However, in 40 cases disposed of during the last fiscal year that were involved liabilities amounting to only $943,313.38. During the previous year with 34 cases disposed of, the liabilities amounted to the large sum of $2,011,056.91.

SENATE CANDIDATE CROP IS ABUNDANT; EIGHT ASPIRANTS

STATE RIGHTS LONG OUTRAGED CREEP INTO PLATFORMS OF CANDIDATES.

AFTER CHARLIE'S TOGA, WHAT WILL CHARLIE DO?

Cullen Thomas.
Willie Hobby
O. B. Colquitt.
S. P. Brooks.
Earle B. Mayfield.
Earle B. Mayfield.
Thomas B. Love.
Justice W. E. Hawkins.

Dallas, Tex., July 13.—The list of candidates for the Democratic nomination for the United States Senate from Texas for next year is by no means complete, but announcements have been made either formally or informally by several candidates. The place to which they aspire is that now held by Charles A. Culberson of Dallas, who has been a Senator from Texas for fifteen years.

Formal announcement has been made by W. E. Hawkins, former member of the Supreme Court of Texas, former commissioner of insurance and banking and former assistant attorney general.

Thomas B. Love of Dallas has also made formal announcement and given out his platform. Mr. Love is former commissioner of insurance and banking and recently was a member of the Democratic National committee.

Earle B. Mayfield of Bosque county, now a member of the Texas Railroad Commission, has just made formal announcement of his candidacy for the Senatorship.

Others who are expected to enter the race have either made informal declarations of intention or have made gestures indicating their desire or willingness to go to the Senate as Democrats from Texas. Among these are Cullen F. Thomas of Dallas, Ex-Governor W. P. Hobby of Beaumont, Ex-Governor O. B. Colquitt of Dallas, S. P. Brooks of Waco and Congressman Lucian W. Parrish, of Henrietta.

This list is not complete. It may contain the names of men who do not now intend to become candidates. In the case of Dr. Brooks, for instance, it is understood that he may not be a candidate again but some of his friends assert that he will. In the case of Colquitt, it is probable that the former governor has not yet made up his mind, but he is watching the situation. Cullen F. Thomas is thought to be in the race and his announcement may come any day.

Mr. Hobby's friends are all hollering for him all the time and that may be a sign that he is willing. It is practically certain that Mr. Parrish will soon make formal declaration of his candidacy and give out his platform.

Politicians are inclined to the belief that the number of avowed candidates for the Senatorship from Texas in 1922 will be the largest field the State has ever seen. It is likely that the State Senate will supply one or two names not yet mentioned. It seems improbable that the lower house of Congress will not send forth two or three members to seek the senatorial toga. One of those whom gossip connects with the place is John N. Garner of Uvalde. Another is Hatton W. Sumners of Dallas while reports from West Texas carry the name of Congressman Thomas W. Blanton of Abilene as a possibility.

Judge Hawkins has not yet given out his platform. It will be a conservative document designed to appeal to the law-abiding people. Hawkins has always been an ultra-pro in the old days. He will be aligned with the ultra law-enforcement people in the coming race. He is a hard campaigner and a vote-getter as he has proven in the past despite the fact that he was recently defeated for reelection to the Supreme Court. His friends all seem to think that he is better fitted for the forum than for the bench.

Mr. Love's platform is opposed to the tariff and stands on what has been called the bedrock principles of democracy.

Mr. Mayfield's platform is largely on the rights of States to control the transportation situation within their borders and his declarations are strongly indicative of the study that he had given the question of Federal aggression ever since the dawning of the Shreveport case.

Love and Colquitt and Hawkins are members of the Methodist church. Brooks, Parrish and Thomas are Baptists.

Among the men whose names have been mentioned in connection with the Senatorship is Cato Sells, recently Commissioner of Indian Affairs in the Wilson administration. Sells is back in Texas, but declined the other day to say whether or not he is in politics as an aspirant to the Senate.

Corn now at 90c per bushel at Oil Mill. Limited quantity. 10-2t

ROCKDALE WILL DEVELOP MINERAL WATER RESOURCES

THE PROCEEDINGS OF ROCKDALE C. OF C. INCLUDED THE FOLLOWING WHICH IS TAKEN FROM THE REPORTER.

Consideration of the Mineral well which is the property of the municipality of Rockdale(, was presented by T. D. Rountree, who stated and showed by comparative figures that the analysis of the Rockdale water was much more beneficial than that of Mineral Wells, Texas, Nos. 1 and 2, or even their Nos. 3 and 4. Many wonderful effects were visible right here at home, Rountree stated, coming from the use of the Rockdale mineral water, as any physician here could testify, and he recommended that some action be taken to preserve the well, conserve the water and protect the property from filth and contamination so that the people who have ailments and want to use the water could do so without fear of drinking filth. He stated further and emphasiped this declaration, that the Rockdale mineral water contained some health-building and restoring ingredients not contained in other mineral waters of the state, these being in the nature of tonics and not purgatives, and that we ought by all means to take care of this property and render it cleanly available to the general public and make of it a valuable asset to the town. Mr. Rountre and President Camp were appointed a committee to take up the subject in view of accomplishing the necessary and salutary action outlined.

DENTON A LIVE TOWN.

The Denton Chamber of Commerce is a live organization. Recently it invited the Texas Legislature to visit Denton and the trip was made in a special train of Pullman cars. Denton now invites the Texas Press Association to meet there. At Denton is located the College of Industrial Arts and the North Texas State Normal. Editor Will C. Edwards of the Denton Record-Chronicle, who is backing these movements, receives a salary of $5,000 a year and will go to McAllen backed by President Bralley to bring the Texas editors to Denton next year. Will is a whole team in puttin these things over. His newspaper is eight pages daily and every bank and nearly every business house and professional institution in Denton carries an advertisement in the Record-Chronicle.—Bryan Eagle.

Judging from the effusive invitation extended the convention to meet in Denton by Will Edwards we envy North Texas on having a live set of live wires whose motto seems to be: "Go-Get-It." The Record-Chronicle is supported by every business man in Denton, hence Will can get out and do things without financial loss —McAllen Monitor.

No Worms in a Healthy Child

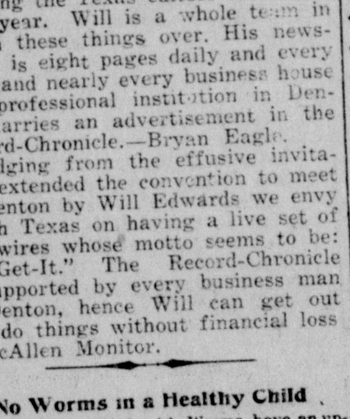
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c

TRADE REGISTERED MARK

LITTELL'S



It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA —the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size $1.00
JAMES F. BALLARD, Prop. St. Louis, MO.

Historic Timbers to Be Preserved as Cedar Chests

OLD FORT NASHVILLE, FOUNDED BY ROBERTSON, WILL SOON PASS AWAY.

An old land mark on the Brazos closely related with the history of all central Texas, is soon to pass away.

The timbers of Old Fort Nashville, established in 1833 by the colony of Sterling C. Robertson, grand father of H. P. Robertson of Temple are to be removed from their historic location, manufactured into cedar chests by a Cameron firm and then distributed over the state to serve a very humble domestic use and at the same time perpetuate memories of the sacrifices made by the pioneers who, a scant century ago, blazed the way for civilization in Texas

Old Fort Nashville is located just below the mouth of Little River. Roughly, it is thirty-five or forty miles from Cameron. It was built by the colonists of the late Sterling C. Robertson, who came to Texas in the early days with Austin and other heroes dear to the Lone Star State and who played a very prominent role in founding the republic of Texas. The timbers in the old fort are said to be in an excellent state of preservation and when manufactured into cedar chests they will be passed down from generation to generation by the descendants of the early colonists of the state.

Fort Nashville is very closely associated with the early history of Texas and from it many campaigns were waged against the original Texans—the Indians. Regarding the establishment of the fort Mrs. Jeff T. Kemp writing in a recent issue of the Cameron Enterprise, says:

"The land on which the fort was situated was granted by the state of Coahuila and Texas to Thomas Jefferson Chambers, April 26, 1832, and was a part of an eleven league grant to that distinguished citizen. This land was surveyed by order of the Alcade, Horation Chriesman ni the year 1832, and is described as situated on the west margin of the Brazos, about 5,000 yrs. below the river San Andres, which is now called Little River. The adjoining grant of land was known as the Waco Villag[illegible] so we may presume these Indians were one of the tribes that dwelt here at that time.

The original Robertson colony took in a body of land considerably larger than Bell county. This hardy pioneer with a vision that permitted him to see the great future for what now is the state of Texas, went to considerable personal expense to bring some 600 people with him from Tennessee and adjoining states to found the colony, and thereby lay the basis for civilization in all Centeral Texas. Direct descendants of Robertson and others who came to Texas with him were the first white men to locate in Bell county—E. Sterling Robertson, a son and father of H. P. Robertson, locating at Salado and building up there what at one time was one of the best towns in the state. Others who settled in this vicinity at about the same time and whose descendants now are legion and among the leading citizens of the county were Robert Childers, John Craddock, Jeff Reid and Jesse Mumford.

These gentlemen, who were mere boys playing a man's part during the making of the early history of Texas, experienced anything but a life of ease; but if anything at all was lacking it was more than made up for in excitement and adventure. They helped to hunt the big game that roamed the valleys and prairies in the early days; they helped to defend their homes against attacks from Red Men, and they played the role of a soldier in the service. The elder Robertson, founder of the colony, was a military leader and was in command at one time of the military forces of Texas. He led a company in the battle of San Jacinto. During his period of service his son and the other gentlemen named above were fighting under him.

By a strange coincidence these boys —John T. Craddock, 18; Jeff Reid 17; Jesse Mumford, 17; E. Sterling C. Robertson, 16; and Robert Childers, 15—who were in the company of Sterling C. Robertson after hostilities were over, married, settled in Bell county, reared their families, died and were all buried in the county—and all now have children still living in the county.

These men, some of whose sons and daughters still are living throughout Bell, Milam and adjoining counties, made much of the history that has been written about Texas, and the old fort that now is to be converted into cedar chests was their chief rendezvous. If by some magic power those mute timbers could be given the power of speech they could tell a romantic and interesting story of the courage and heroism of those pioneers who blazed the way for civilization in central Texas.—Temple Telegram.

NOSE CLOGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffing, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

Electrical Fixtures

The old story about buying and selling is still true—"There is more in the buying than the selling"—We have some NEW ELECTRICAL fixtures on display that we believe will suit you and the price is right. They were bought right—and the price we ask is much lower than the price here-to-fore. The merchandise we sell is the best that money can buy and now the price is on the "BED ROCK"—no use to postpone your buying for the price is right. See our display of electrical fixtures—we have something that will suit you.

SONS OF MEN OF '76 MUST FIGHT FOES OF HEART

—SENATOR KNOX

RADICAL DOCTRINES SPRING FROM ALIENS UNSEASONED IN GOVERNING SELVES.

Philadelphia, Pa., July 4.—Speaking at a July 4 celebration in Independence Hall today Senator Knox of Pennsylvania warned against the novel theories of government and social and economic life brought to this country from races of alien soils—doctrines being of the ills of the lands which they came, radical remedies, self-annihilating to those using them.

"Mighty foments are at work against us governmentally and socially," the Senator said. "Today there are coming to us by the millions, peoples from races untraditioned and unseasoned in self-government, peoples unfamiliar with and largely unappreciative of its goods."

"Just as the comingling of members of different races from different climes with different customs of life expose each of the individuals to new and strange bodily ailments and disease, so the intimate actions and reactions of diverse race members bring novel theories of government and social and economic life. Were their new theories tried, had they been effectively used by any race, had any people or nation risen to wealthy power and happiness under them, we might hope that adjustment thereof to our environments would make them tolerable, but such were not the facts."

As the Nation's father fought physical foes and subdued them, Senator Knox continued, "so we must do battle with foes of the mind and heart."

THE TEXAS COTTON CROP.

By F. N. Gray, Cotton Statistician, Bureau of Markets and Crop Estimates, United States Department of Agriculture.

The Texas cotton acreage under cultivation June 25, preliminary estimate, is 9,199,000, as compared with 12,265,000 acres, the revised estimate of acreage in cultivation a year ago, being a decrease of 25 per cent.

The condition of the growing crop on June 25, was 72 per cent of a normal condition, as compared with 71 on May 25, 1921, 71 on June 25, 1920, and 79 the average condition for the past ten years on June 25.

A condition of 72 on June 25 forecasts a yield per acre of about 140 pounds and a total production of about 2,666,000 bales of 500 pounds gross weight, not including linters, allowing the usual 1 per cent for abandonment of acreage.

Comments on Acreage and Condition

Acreage: A reduction of 25 per cent, means that there are 3,066,000 acres less planted to cotton in Texas than last year. This great reduction was brought about chiefly, by the organized work of many interests concerned, for the following reasons: 1. Because of the prevailing low price. 2. The unstable commercial conditions affecting cotton and the fear of over production, considering the large amount of last year's production not having as yet entered into consumption. However, aside from the almost universal prompting to reduce acreage, there were other limiting factors, such as the protracted drought in the western belt at seeding time, followed by torontial rains and the early prevalence of boll weevils in other important districts. Under the enforced conditions, farmers have either let their lands lie idle, or have planted more largely to other crops.

The average proportions compared with last year's planted acreage, found by districts are as follows: Northwest 65, North 71, Northeast 78, West Center 78, Center 78, East 75, South 81, Southeast 63, Total 75.

Condition. There is an improvement over the condition of May 25. Under favorable weather influence, nearly all large producing distriuts made rapid progress and the drop had no backsets until the 22nd of June, when a tropical storm brought an excess of rainfall, covering wide areas for several days duration. This stopped the cultivation, which was then well in hand, tended to promote grassiness, caused shedding in many instances and aupmented the number of boll weevil now prevalent and working injury in a number of districts. With the recent heavy rains in all parts of the state, there is now sufficient moisture in the subsoil to make a crop, without additional rain. This viewed as an asset and in a measure offsets the losses occasioned in some counties where injury was wroupht by the storm.

The plant, while generally a little late is very healthy in condition, attaining to too rank a growth, in localities of certain counties. What is mainly needed, is dry hot weather to check the growth and aid in the control of weevils. In the south portion of the state, barring the effects of the storm in a few counties, the condition is very good. Cotton is fruiting remarkably well and little or no weevil ravages have been reported. Calcium arsenate is being used more largely in this; district, than any other, as was done last year, when a bumper crop resulted. As yet, comparatively few are dusting with this effective poison in other districts, but it is expected, as the season advances, its use will become general, despite the cost, which is a bagatelle compared with the beneficial results to be attained.

Acreage and Condition in the United States.

The acreage as reported by the Bureau of Markets and Crop Estimates, as of this date, for the United States, is 26,519,000 as compared with 37,043,000 planted last year, showing a reduction of 10,524,000. Condition 69.2 per cent of normal, forecasting a total crop of 8,433,000 bales, of 500 pounds gross weight.

Condition by Counties.

Northwest (8 per cent of crop:) Condition 66 per cent of Normal. The diistrict includes the following named cotton counties, conditions shown for each county.

Archer 75, Baylor 66, Childress 60, Collingsworth 66, Cottle 61, Fisher 71, Foard 66, Hall 63, Hardeman 59, Hassell 61, Jones 71, Knox 71, Scurry 56, Shackelford 69, Stephens 51, Throckmorton 71, Wheeler 76, Wichita 76, Wilbarger 66 and Young 66.

North (17 per cent of crop.) Con-74: Clay 70, Collin 70, Cooke 74, Dallas 79, Denton 91, Fannin 70, Grayson 77, Hunt 87, Jack 75, Kaufman 67, Montague 60, Palo Pinto 53, Parker 70, Rock Wall 78, Tarrant 72, Wise 83.

Northeast (13 per cent of crop.) Condition 68. Bowie 81, Camp 50, Cass 59, Delta 76, Franklin 81, Gregg 66, Hopkins 64, Harrison 68, Lamar 71, Marion 59, Panola 60, Rains 73, Red River 83, Rusk 60, Smith 68, Titus 68, Upshur 71, Van Zandt 74, Wood 74.

West Center (6 per cent of crop.) Condition 82. Blanco 99, Brown 73, Callahan 72, Coke 99, Comanche 79, Concho 69, Eastland 94, Gillespie 79, Llan 94, McCulloch 69, Mason 79, Menard 74, Mitchell 89, Mills 84, Nolan 69, Runnels 74, San Saba 99, Taylor 74, Tom Green 89.

Center (31 per cent of crop.) Condition 73. Bastrop 70, Bell 81, Bosque 65, Brazos 50, Burleson 60, Burnet 75, Caldwell 78, Comal 87, Coryell 85, Ellis 88, Erath 87, Fayette 70, Hamilton 62, Falls 70, Hays 84, Hill 90, Hood 79, Johnson 76, Lampases 69, Lee 65, Limestone 53, McLennan 73, Milam 60, Navarro 78, Robertson 53, Somervell 87, Travis 75, Washington 48, Williamson 78.

East (6 per cent of crop.) Condition 63. Anderson 47, Angelina 76, Cherokee 71, Freestone 62, Grimes 73, Henderson 76, Houston 70, Jasper 76, Leon 47, Madison 55, Montgomery 53, Nacogdoches 61, Newton 71, Polk 61, San Augustine 76, San Jacinto 47, Shelby 66, Trinity 49, Tyler 74, Walker 49.

South (14 per cent of crop.) Condition 77. Atascosa 91, Bee 60, Bexar 70, Brooks 85, Calhoun 80, Cameron 85, Dewitt *9, Duval 75, Goliad 80, Gonzales 90, Guadalpe 88, Hidalgo 95, Jackson 70, Jim Wells 73, Karnes 81, Kleberg 81, Lavaca 60, Live Oak 70, McMullen 70, Medina 85, Nueces 83, Refugio 55, San Patricio 78, Victoria 85, Webb 80, Willacy 80, Wilson 93.

Southeast (4 per cent of crop.) Condition 57. Austin 65, Brazoria 45, Colorado 46, Fort Bend 60, Galveston 73, Harris 55, Matagorda 51, Waller 55 Wharton 61.

F. N. GRAY,

Cotton Statistician for Texas.

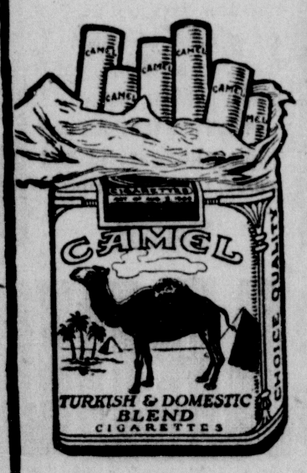
Here's why CAMELS are *the quality cigarette*



BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigaretty aftertaste,

It's Camels for you.

Camel

By Mrs. W. A. GILLON

PRESBYTERIAN AUXILIARY.

Circle No. 1, met last Monday with Mrs. Judd Davis. There were eight members present and the afternoon was spent in sewing, after which, assisted by the charming little daughter and son of the home, Mrs. Davis served ice cream and cake.

Circle No. 2, met with Mrs. Mary Lankford with three present and sewing was the diversion of the afternoon.

Circle No. 3, met with Mrs. Charlie Caldwell with eight in attendance. Devotional exercises were held after which sewing occupied the afternoon hour. Mrs. Caldwell served a delicious salad course.

Circle No. 4, met with Mrs. C. W. Lawrence with four in attendance and the afternoon hour was pleasantly spent working on a quilt.

MRS. FRIERSON ENTERTAINS.

Last Tuesday afternoon Mrs. L. E. Frierson entertained twenty little boys and girls in honor of little Miss Maurine Davis, of Waco. It was a surprise party and thoroughly enjoyed by the children. All sorts of games were played on the lawn, and music and readings further delighted the children, after which delicious ice cream and cake was served.

THE MISSES McLANE ENTERTAIN AT "42."

Last Tuesday afternoon Misses Sallie Kate and Mary McLane entertained with a "42" party, naming Mrs. Stanly Bowls of Dallas as honor guests.

The home was beautifully decorated throughout with a perfect color scheme of pink and green. Pink roses, crepe myrtle and Queen's wreath were used with a potted pink rose on each table as decoration.

The guests were met at the door by the Misses McLane and Mrs. Bowls and served delicious punch by little Misses Catherine and Francis Majors of El Paso then passed on to the reception suite. Tweleve tables were arranged, covered with pink and green tally pads were green covered with pink bows on each. Score cards were mineature pin cushions fashioned out of pink and green tissue paper and green pencils were used in accord with the color scheme. "84" favors were announced and the game progressed merrily.

As a game was won a pin was taken from a large pink and green pin cushion and given while "84's" were awarded with little gold pins.

After a number of interesting games delicious pink and green brick cream and individual pink iced white cake was served. A small potted pink rose were the plate favors. The Misses McLane were assisted throughout the afternoon by their mother, Mrs. Robert McLane. Mesdames S. P. Cross, S. A. Cottle, Henry Hefley Jeff Avera Stanley Bowls, Misses Ruth Wylie, Louise Hearrell, Catherine and Francis Majors, of El Paso.

In thanking the Misses McLane for the evening's pleasure there were many expressions of delight over the beauty and perfectness of the party.

OFF FOR DEVIL'S RIVER.

Messrs. Charlie Pitts, R. D Brown, Fred Thompson, Stanton Dossett, of Waco, and Robert McCowan left today for a fishing tirp to Devil's river.

METHODIST MISSIONARY.

These ladies met Monday at the Hall. There were eight rpesent and Mrs. Ed Tucker led a very interesting lesson after which delicious iced watermelon was served.

JUDGE AND MRS. WATSON ENTERTAIN.

Thursday night the Watson home was the scene of joy and brightness when twenty-four friends gathered to enjoy a game of "42" in honor of Mrs. Watson's sister, Miss Bassett of Dallas. The home was beautifully decorated in lavender perennial phlox, carrying out a color scheme of lavender, white and green.

Six tables were arranged, covered in white with a bowl of lavender phlox on each as a center piece. Lavender tally pads with Japanese score cards with wistaria and birds on them further carried out the color scheme.

After a number of interesting games the gentlemen's prize was awarded Mr. U. S. Hearrell and it was an ever sharp pencil with the following verse attached:

"Be ever sharp and see the point and
you'll win the game of life,
The same is true of "42" if you play
for your very life."

The ladies' prize was won by Mrs. Rush Thomas and was an ivory buffer and file with the following verse attached:

"Don't be a bluffer but use the buffer
And your hands will always look right,
When you play "42" as often as you do
Your score will then be out of sight."

Assisted by her sister, Miss Bassett, of Dallas, and daughter, Miss Gladys, Mrs. Watson served a delicious salad course consisting of chicken salad, combination salad in pepper caps, olives, tomatoes, sandwiches, wafers, and pure apple ice cream with lavender sauce.

The honor guest, Miss Lilla Bassett of Dallas, was presented with a large bouquet of lavendar parennial phlox.

JOINER-POSEY.

At the home of the bride's parents, Mr. and Mrs. L. H. Posey on Wednesday evening at 6:30 o'clock a wedding of interest to many Cameron people was that of Miss Mamie Posey and Mr. Floyd Joiner, of Stamford. Only the family and a very few intimate friends witnessed the sweet ceremony that made the twain one, with Rev. Ira F. Key officiating.

The bride's father, Mr. L. H. Posey came up from San Antonio where he is now engaged in business to be present at the Marriage.

Miss Posey is one of Cameron's fair flowers with unusual beauty and attractiveness and loved by all who know her.

Mr. Joiner of Stamford, is a young man engaged in the mercantile business and held in high esteem in his home town.

The Cameron Herald and hosts of other friends wish for them all joy and success in life.

KILKARE SIGMA PHI CLUB.

Mrs. Loyd Mitchell was hostess to this bevy of merry maids and matrons and a few other friends last Thursday afternoon. Yellow cosmos, maragold and zemias adorned one room and pink roses the other making a beautiful setting for the party.

Eight tables were arranged and the score cards were vases of pink roses.

A number of interesting games were played with Miss Minnie Wolf in the lead for high score. Mrs. Mitchell was assisted in entertaining and serving by Mesdames Dan Tyson, Sue McCowan, Misses Mary Lake, Winnie Henderson and Olive McGehee.

A delicious combination salad and ice course was served consisting of chicken salad pear salad, sandwiches, olives and peach cream.

Out of town guests were: Mesdames Hugh and Dick Colaly, of Rosebud, Dollie Chisholm of Washington, D. C., Vernon McIntyre of Marathon, and Miss Pool from Grandview.

DR. AND MRS. JIM WATSON ENTERTAIN.

In honor of Mrs. Watson's sister, Mrs. Page of Eddy Dr. and Mrs. Watson entertained with a porch party last Thursday night. The porch was beautifully decorated.

Three tables were arranged for "42" and the score cards pictured baskets of red flowers. It was cool and delightful on the porch and a number of spirited games played, after which Mrs. Watson served decilicous ice cream capped with red cherries and squares of white cake.

Out of town guests were: Mesdames Page of Eddy, Dollie Chisholm of Washington, D. C., and Miss Lilla Bassett of Dallas.

DINNER AND FORTY-TWO PARTY

At 7:30 last Friday night Mr. and Mrs. Oxsheer Smith entertained four tables at dinner and followed by a game of "42." This party had the same setting as Mrs. Smith's afternoon party. After all the guests arrived a delicious three-course dinner was served consisting of:

Menu.

Watermelon Cocktail
Salmon Loaf — Stuffed Peppers
Chipped Potatoes, Butter — Hot Rolls
Lemon Ice Cream — Wine — White Cake

Tables were then arranged for a game of "42." Score cards were Dresden pictures. Table favors were placed for each guests and when opened they found a cap which they very gladly donned, and the game went merrily on.

After a number of spirited games Mrs. Vivian McIntyre was declared winner of the ladies and received a lovely little flower bowl, and Dr. Jim Watson won high among the men, and was given a pair of silk socks.

Those present were: Judge and Mrs. John Watson, Mr. and Mrs. Alex Triggs, Mr. and Mrs. Fritz Fahrendorf, Mr. and Mrs. Hubert Hefley Mr. and Mrs. Rush Thomas, Dr. and Mrs. Jim Watson, Mesdames Vivian McIntyre, of Marathon, Page of Eddy, and Miss Lilla Bassett of Dallas.

FORTY-TWO PARTY.

Mrs. Oxsheer Smith entertained quite handsomely with a porch party last Friday afternoon. The guests guests were met by Mrs. Smith and Miss Aetna Smith and piloted through the reception suite which was elaborately decorated with bowls and baskets of pink, crepe myrtle, zenias and roses.

Coming out on the newly built sleeping porch it was found to curtain four tables arranged in the cool breezes for a game of "42." Each table was covered with handsomely embroidered covers and a basket of pink roses as a center piece. Score cards featured hand-tinted puritan maids with a basket of pink roses and rose trimmed bonnets.

A number of interesting games were played and at the close, Miss Winnie Henderson was given aset of window shade clasps with tassels for her room for high score, while Mrs. Penn Wolf was presented with a Japanese basket filled with candy for the low score.

Assisted by Mrs. Tom Henderson Jr. and Miss Aetna Smith, Mrs. Smith served a delicious course consisting of salad, salmon loaf, fruit salad in molds, chipped potatoes, individual butter molds with hot rolls and ice cream soda.

Those partaking of Mrs. Smith's hospitality were: Mesdames F. M. Hicklin of Weatherford, Dollie Chisholm of Washington, D. C., R. D. Brown, C. D. Ray W. A. Gillon, Tom Denson, George Thomas, Penn Wolf, Tom Henderson, Jr., Jim Baskin, C. W. Reed, Loyd Mitchell, J. W. Coleman, Misses Aetna Smith, Olive McGehee, Minnie Wolf and Winnie Henderson.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But brewing at home is mussy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

NOTICE.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

Old U. Tellem sez.

"If you have any poultry or eggs to sell, just phone No. 560. You will find The Central Produce Company on the other end of the line, and the rest is easy."

"U tell 'em pencil; I must be lead."

CENTRAL PRODUCE COMPANY
Phone 560

Attention Farmers

We will now accept your damaged cotton seed and of course pay you cash for them. We could only take them at this time because we will work them after our good seed are out, so if you have any to bring in, please let us know at once.

TEXAS ELECTRIC RAILWAY

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

THE CAMERON HERALD

The Cameron Herald was the first newspaper in Milam County to reduce the price of subscription. As quickly as prices on news print declined we passed the benefits to our readers and the public. Other papers in Milam county followed several months later with a reduction in the price of subscription.

The Cameron Herald did it first which is just one way of saying that The Cameron Herald regards first the interests of its readers, giving them the benefits of whatever reduction made in the costs of producing the paper.

First in VALUE GIVING, first in circulation and first in quality as a newspaper. The Cameron Herald has for near a half century played a big part in the development of Milam County. During recent months hundreds of people in Cameron and from all sections of the county have taken advantage of our subscription offer.

The Cameron Herald prints the news while it is news and gives construction to every worthy and honorable effort to achieve the highest in society and civilization within its large and fast growing sphere of influence.

The Cameron Herald was recently purchased from The Terrell Publishing Company by citizens and business men of Cameron. The Herald is being published by The Herald Publishing Company, incorporated. All of the stock is owned by citizens of Cameron. It is distinctly a local institution, under local control and direction and dedicated without reservation to all that makes for a greater Cameron and Milam County.

NEWS FROM SHARP COMMUNITY

Edited by Mrs. W. H. Lyon

July 11.—The baseball club took a two-day road trip to Somerville last week where the club of that city was played Wednesday and Thursday. The first game was fairly fast but there was evidence that the Sharpe bunch fielded the ball better and also hit better than the railroaders. Red Hudspeth worked for Sharpe, and the hits obtained from his offerings were few and far between. The game ended with the score of 5 to 2 with Sharpe on the big end. The second game was not so good and there were some errors recorded on both sides. Sharpe started the fire works in the first frame, scoring three runs and thereafter when they wanted to. Bagby was on the mound for Sharpe and pitched nice ball. Marlin of Bellville worked for Somerville. He is said to have pitched sixteen games this season and won thirteen. He probably wasn't feeling at his best Thursday as the Sharpe aggregation knocked him out in the fourth inning. The game ended 9 to 3 in our favor.

The club reached home from Somerville about two a. m. Friday morning. They hardly felt like meeting the fast team of Rogers. A goodly crowd from here accompanied the players to that city. The game started off interesting. Russ Hagler of course was working for Rogers. Red Hudspeth, who had had only one days' rest from the box, was on the mound for Sharpe. Rogers drew first blood by scoring one in the third inning, and the game stood this way until the eighth when Sharpe managed to put over the tie run. No one scored in the ninth so that inning had to be passed up. Also the tenth, eleventh, twelfth, but the lucky thirteenth was what ruined a good ball game. In this frame the team batted a full round. Five consecutive hits were registered from Hagler's offerings, and before the smoke had cleared the scorer announced that five runs had scored during the melee. That made the score stand 6 to 1. Rogers was unable to come back in her half so the game ended.

A good many fans of this community were regretting the fact that wasn't to be a game one the local lot Sunday, but they were delighted to learn that a big rain had fallen in Thorndale and that Thorndale and Elgin who were scheduled to play there. would play here on account of the wet diamond in Thorndale. It turned out to be a splendid game too. Both hurlers, Clemens of Thorndale and McCall of Elgin, did splendid work. McCall came near winning his own game by driving a clout over the center field fence. The game was called at the end of the ninth because of darkness coming on. The score stood 3 to 3.

Chas. and Claude Leonard, and Jim Bird and family accompanied the club to Somerville.

Letters from Rupert Hargrove and Clifford Raby state that they are now in Kansas working in the grain fields.

Mr. A. J. Garner and wife, and Mrs. Pat Garner and baby are on an extended visit to Miles, Texas.

Mr. Will Davis, Dorothy, and Nelson motored to Dale Texas, where they visited relatives for a few days.

Mr. and Mrs. Berry Davis and children of Dallas are visiting relatives here this week.

A hard rain fell in our community Sunday night, however, the farmers are about done with their work and it will probably do no damage.

BRANCHVILLE

July 11.—Messrs Liff Harlan, J. J. Barton and Mrs. J. J. Barton were recent visitors at the bedside of their mother, Mrs. M. M. Harlan, who passed away July 4 at the residence of her son, H. V. Harlan. Mr. James Harlan of Jacksonville, was at his mother's bedside during her illness.

Mr. Morgan Harlan and wife were recent visitors in our community.

Mrs. Scott Field Sr. and Mrs. Bob Streetman of Calvert, were visitors at the home of H. V. Harlan during the last week.

Mrs. W. C. Looney who has been absent for several months has returned to her home here.

Mr. and Mrs. Roy Yates spent the week end with their mother, Mrs. L. O. Walker.

Mr. Gayle Mercer of Chappell Hill, spent several days with Mr. W. G. Smith the last week.

Mr. and Mrs. Will Looney and children motored to Cameron Sunday afternoon.

Miss Lorena Ruby, Mr. and Mrs. Triggs, Mr. and Mrs. Bonds, spent a few hours in our community the past week.

Mrs. Leslie Green and Mrs. Walter Thomas of Cameron, are visitors with Mrs. Joe Harlan.

Mrs. Stubblefield and daughter, Miss Dorothy are visitors with Mrs. J. A. Smith.

Miss Mollie Allen of Cameron, was a recent visitor at the home of Mrs. M. A. Looney.

Mrs. Margaret M. Harlan died at the home of her son, V. H. Harlan on July 4, 1921, at the age of 82 years and four months. Mrs. Harlan is a well known woman of this community, as she has lived many years—her life speaks for its self, she was one of the most beautiful christian characters I have ever known and her children "rise up and call her blessed." Her life was an inspiration to all who came in contact with her and her death a benediction. She is survived by seven children, 26 grandchildren and seven great-grandchildren.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

OAKDALE HAPPENINGS

Edited by Mrs. Sid Hause

July 11.—Last week Mrs. H. B. Pressley had her sister and family, Mrs. Samples of Burlington, to spend the week end with her and husband.

Mrs. Garner came home Saturday after spending another week in Cameron.

Last Thursday A. R. Oneal, his children, Mrs. Shelton and her children went to Rice and from there with Mr. and Mrs. Perry Robinson and children went to Little River and fished.

Mr. Walker motored to Cameron Saturday with Madams Ben A. and Oatis Nicholson.

Saturday morning Clyde Hensley, Theo Ashenback with Mrs. Ashenback were in Cameron.

Geo. Banzaf of Rockdale was out this way to see just how the melon crop was getting on.

Ernest Matzig was in Cameron agin Saturday.

Mrs. W. W. Richards of Cedar Creek, spent several days with her parents, Mr. and Mrs. W. C. Mobley, who were sick this past week.

Mrs. Eugene Hause and son, M. P., were trading in Milano Saturday.

Mrs. Sallie Hensley and two little grand-daughters are at Liberty keeping house for Mrs. Spraulding while she takes a little visit.

Mrs. McGregor and Mrs. McLarty of Milano were in Cameron Sunday to see Mrs. McGregor's husband, who is in the sanitarium there.

Mr. and Mrs. John Thomas and son, also Francis German, Mr. J. F. Coffey, motored to the Henkie Lake near Tracy Monday, where they enjoyed an outing.

Mr. and Mrs. Morrison of Oklahoma are visiting relatives near Elevation.

Mr. and Mrs. Roland Lynch of Louisiana stopped a few days with friends in Cedar Creek.

Frank L. Fasel went to Milano Sunday to meet his cousin, Miss Lillie Roberts of Brownwood.

Mr. and Mrs. A. W. Belt and children of Cameron came out Saturday evening to spend a few days with their brotner and sister, Mrs. Leonard Stewar.

NOTICE IN PROBATE.

THE STATE OF TEXAS:

To the Sheriff or an yConstable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continually and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for a period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE

THE STATE OF TEXAS,

To all persons interested in the estate of Seabourn Stiles, deceased, notice is hereby given that A. W. Stiles has filed in the County Court of Milam County, an application for probate of the last will and testament of the said Seabourn Stiles deceased, which application will be heard at the next regular term of the County Court of Milam County, Texas, which will convene on the first Monday in August, same being the 1st day of August, A. D. 1921, at the Court House thereof, in the city of Cameron, Texas, at which time all persons interested in said estate may appear and contest said application, if they see proper.

Here fail not, under penalty of the law, and of this writ make due return.

Given under my hand and seal of office, in the city of Cameron, Texas, the 5th day of July, A. D., 1921.

Attest:

WILL T. YATES,
Clerk County Court, Milam County.
By Kathryn K. Robbins Deputy.

PROPOSED METHODIST "BLUE LAW" WOULD STOP SUNDAY PAPERS.

Nashville, Tenn., July 11.—Enactment of a Sunday "blue law" prohibiting among other things, the operation of Sunday trains and excluding Sunday newspapers from the mails, will be urged by the Methodist Central Sabbath crusade committee in a petition to be presented to congress this week, it was announced by Noah W. Cooper, chairman of the committee, on leaving here Monday for Washington. On July 14, Mr. Cooper said the committee, which represents 12 Southern conferences, will place a copy of the petition in the hands of every senator and representative in congress.

Characterizing the proposed law as the "simplest thing imaginable," Mr. Cooper, in a statement issued before his departure, said it would "prohibit all secular work on Sunday by persons in interstate or in federal service except in instances of charity and necessity."

It would not, however, he said, "stop men from kissing their wives and babies and riding in their cars to get fresh air and visit the sick nor from looking at the flowers and viewing the landscape, nor from watering the cows or doing a hundred things that any gentleman would take pleasure in doing without carrying on his ordinary work on Sunday."

Buy the baby a present at the Specialty Shop.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Missed his train—but not refreshment. Coca-Cola is sold everywhere.

THE COCA-COLA COMPANY

THE
U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticise such abuse of tires. A mark of the growing *consciousness about tires*—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the *standard quality service* of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with *his own kind* of people. The substantial citizen. The man who knows that you can't get something for nothing. The *steady customer*—not the bargain hunter.

* * *

To the man who has not yet learned the *standard tire service* he is entitled to we say—

Go to the dealer in U. S. Tires and make him show you.

Here is a man in close touch with one of the 92 U.S. Factory Branches—a constant supply of fresh, live U. S. Tires.

The U. S. Tire you buy is a tire built for *current demands*. No overproduction. No piling up of stock. No loss of mileage by hanging around on the dealer's racks.

Every way you look at it, a *par quality tire at a net price*.

"Here is a man in close touch with one of the 92 U. S. Factory Branches"

Will Ask Neff to Back Up His Graft Charge

MOORE OF HUNT COUNTY VERY ANXIOUS TO HAVE DETAILS AS TO ALLEGATIONS.

Austin, Texas, July 12.—A resolution calling upon Governor Neff to appear before the house and senate appropriations committees and show where graft is taking place in the capitol and who the grafters are, will be introduced at the special session of the legislature by Representative Moore of Hunt county, a member of the house appropriations committee, who made the announcement today.

Governor Neff charged in speeches at Corsicana and Mexia last Saturday that there was graft and padding of expense accounts taking place in the state capitol and said that he could name the individuals who were committing these acts and the departments in which they were taking place.

"It is nothing more than right that the governor should show to the legislative finance bodies where we can save money by getting rid of grafters and bogus draft artists such as he called attention to in his recent speeches," said Representative Moore. "In this resolution I will propose that the governor come before these two committees and point out these irregularities and name the departments and carry the individuals who are guilty of such acts. If expense accounts are being padded and pay-rolls carrying bogus employes I think the finance committees should know about it."

Representative Moore said that his resolution would be courteous and respectful to the governor in every way and merely ask that he substantiate his charges.

TWO MEN THROWN UNDER TRAIN BY RUNAWAY TEAM ARE KILLED.

Taylor, Texas July 12.—Henry Sommers 67, pioneer farmer and wealthy land owner of Thrall community, and Henry Smith, a negro tenant, were instantly killed at noon today, about three west of Thrall, when their team of mules became frightened at the approach of a railway train, and, running wild, threw the two men from the buggy across the track, where they were struck by the east bound Sunshine Special of the I. & G. N. Both bodies were horribly mangled.

Sommers, a widower, is survived by a sister, Mrs. Sophia Kaatz of near Waco; a stepdaughter, Mrs. Annie Aerni of Rosenberg; a nephew, John Hasse, of Lubbock, and four neices, Mrs. Annie Ziechang of Thrall Mrs. Christian A. Stout of Dallas, Mrs. E. F. Wol;brueg of Taylor and Mrs. Bertha Mundosky of Thrall.

Strangely co-incident with the death of Sommers is the fact that his older brother, John Sommers, was struck by a Katy train and killed in a like manner in the railway yards here about twenty years ago.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.

WOMAN 100 YEARS OLD PASSES AWAY CLOSE TO ROGERS.

Rogers, Texas, July 12.—Mrs. Sarah Owen 100 years old, passed away today at the home of her son, O. R. Owen, three miles southwest of here. She was one of the pioneer residents of Bell county and of this community and would have rounded out the century mark September 15, being born in 1821. She is survived by two sons, O. R. Owen of this community and Roe Owen of Waco, formerly deputy sheriff of Bell county, and other relatives.

Funeral services were conducted Wednesday afternoon at 2:30 o'clock at the Stringtown Baptist church by Rev. Marcellus Watkins of Rogers and Rev. Henry Ford of Heidenheimer.

LEGISLATIVE COMMITTEE TOSSES BUCK TO NEFF.

Austin, Texas, July 12.—In a statement given to the press today the senate and house appropriations committees defended the action of the legislature in the appropriations that were made at the regular session, taking issue with Governor Neff in his charges that the tax rate of the state would have to be increased above the constitutional limit to meet these appropriations, together with those that must be made at the special session.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 75c.

Colds Cause Grip and Influenza

YOUNG MAN! YOUNG WOMAN! HERE IS THE PROOF

Here are a few extracts from letters of prominent business men who have had the proof as to the ability of our students:

"Having employed several of your graduates, I think your Institution the best of its kind in this country."

"Of the seven young men you have sent us, six remain in our service and the other has just joined the navy. All are making good."

"As you know, I have had a number of your students in my office. I take this opportunity of saying that every student that I have had from your school shows superiority of training over students that I have had from other schools."

"We have one of your graduates as stenographer in our legal department at a handsome salary, giving entire satisfaction. The work is exteremely difficult, requiring the greatest skill and accuracy. She reads her notes like print. We wish to commend your school for turning out such excelleht graduates."

"If all of your graduates are as proficient as the three young men we have in our office, you are certainly doing a great work for not only the young people, but the business men as well."

"We have several of your students and all of them understand their business. Your courses are thorough or they could not take hold as they have done for us."

"If the several graduates of your school that have been in our office are fair samples, I cannot recommend your institution too highly."

Following are the names of some of the many prominent people who have visited our school and their comment. Many of these men have given free lectures to the student body:

Mrs. Curtis, ex-president Texas W. C. T. U., "Wonderful Institution."

Mr. Edmond C. Peters, International Y. M. C. A., secretary from Russia. "I wish to compliment your school on magnitude, cleanliness and discipline, the best I have ever seen."

Mr. Rthwell, Government Inspector Vocational Education, "It is wonderful."

Dr. Bizzell, president Texas A. & M. College, "A great Institution."

Mr. Fogleman of the Chautauqua, from Sheldon School of Salesmanship, Chicago, "A most wonderful business training institution."

Dr. Hardy, president Baylor College Belton, Texas, "The most magnificent mixed student body I have ever seen."

Write for free catalogue containing hundreds of endorsements of business men woh are now paying our graduates good salaries. With our modern systems we can given you a better course of Bookkeeping, Shorthand, Telegraphy, Cotton Classing or Business Administration and Finance in half the time and at half the expense of any other school using other systems. Address Tyler Commercial College, Tyler, Texas.

PHYSIOLOGICAL ACTION OF TANLAC EXPLAINED

World's Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Each of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the questions: What is Tanlac? Why its pehenominal success? Why do we hear so much about it? And why has this preparation so far out-stripped all other medicines of its kind?

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of work, study, experimentation and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food laws. It is purely vegetable and is made from the most beneficial roots herbs and barks known to Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country.

Ten Ingredients in Tanlac.

Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

In referring to one of the more important ingredients of Tanlac, the cyclopedia Brittanica says:

"It has been the source of the most valuable tonic medicines that have ever been discovered."

In referring to other of the general 13th Edition of Potter's Theraapeutics, a standard to the medical textbook, states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run-down condition," uses the following expression:

"It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac, which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of all the tissues and organs of the body and produce that state of general tonicity which is called health.

The United States Dispensatory makes the following comment regarding another ingredient:

"It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required."

There are certain other ingredients described in the Dispensatory, and in other standard medical text-books, as having a beneficial action upon the organs of secretion, whose proper functioning results in a purification of the blood streams passing through them In this manner, objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tonic and Body Builder

Tanlac was designed primarliy for the correction of disorders of the stomach, liver and bowels. At the same time however, it is a powerful reconstructive toric and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

LONGEST HOT SPELL SINCE YEAR OF 1880

IN TEN MONTHS AN EXCESS OF TEMPERATURE HAS PILED UP.

Chicago, Ill., July 6.—Cheer up! It was much hotter in 1880.

Besides—

It's only 42 above in snow-be-decked Yellowstone Park. Somewhere there is a relief from the heat.

Come up with us to Professor Henry J. Cox's conning tower in the Federal building, fourteen floors high, where, by the way, it's just as hot as anywhere else.

What's this hot spell doing to the country? Mostly putting everybody in bad humor, nothing much else. True, crops in the spring wheat belt—the Dakotas and Minnesotas—are suffering. But not dangerously so. Corn is actually making progress despite lack of rains. Out in Montana they're not worrying about the heat at all, in fact, snow has damaged hay and alfalfa and freezing temperatures have hurt winter wheat somewhat. Generally speaking, the effect of the Nation-wide heat wave has been "excessive discomfiture." That's all.

But it is sure' hot! Practically everywhere too.

The hottest place in the country is Detroit, the coolest—Yellowstone Park.

Heat Record in Chicago.

In Chicago the veteran meterologist says a record for fifty years has been established. "We have had," Professor Cox explains, "more than ten months of excessive temperatures with 1,555 degrees of excess since January -, which means a daily average of 8.54 degrrees of excess. That's a fifty-year record."

And then he turned to his tabuiations of those fifty years. Tracing with a finger, he resumed:

"The last long sustained period of temperature excess was from October,er, 1874 to August 1880, inclusive, eleven months above normal."

If you want an idea just about how hot it is around the country, peruse these figures containing the highest temperatures Tuesday, as compared with the normal maximum temperatures and the maximum temperatures a year ago.

First column is maximum temperature July 5, 1921; second is normal maximum temperature and the third is maximum temperature July 5, 1920.

Dallas	94	90	98
Kansas City	90	86	90
Des Moines	92	82	80
St. Louis	94	87	72
Chicago	88	78	72
New York	76	79	76
Atlanta	94	88	92
Pittsburgh	94	80	76
Minneapolis	92	80	76
Milwaukee	94	78	60
San Francisco	82	60	60
New Orleans	96	88	92

Temperatures Above Normal

Professor Cox says temperatures in this regions have been above normal every day since June 6, without a break—exactly a month. Grand Rapids, Mich., Tuesday reported 100 degrees maximum temperatures.

It will be seen by the table that temperatures in the 90's are not uncommon. The 76 for New York was explained by the fact that Gotham was fortunate enough to draw a cool wind from the Atlantic Ocean. But it has been very warm in New York and throughout the East. Other temperatures of interest were Honolulu 82, Eagle, Alaska, 64 above, and 50 above at Nakerville, British Columbia.

"Any relief in sight, Professor?" he was asked. "Any prospects for nice Honolulu weather?"

The Professor sighed and reached in a drawer for a new collar.

Eight persons died here Wednesday from heat prostration. Many others were overcome and taken to hospitals.

Three deaths have resulted from drownings, persons attempting to escape the sweltering heat in Lake Michigan and other bathing places.

THE RURAL SCHOOLS.

The announcement is made that unless the legislature makes proper provision, one-third of the rural schools of Texas will have to close next session.

This is a distressing situation; we need all the rural schools.

If we rightly understand a recent amendment to the State Constitution it is permitted to each community to tax itself a sufficient amount to maintain a good school.

Why isn't that plan as good—we might say better—as an appropriation by the legislature, seeing that before the legislature can get the money it must tax the people?

As we see it, there is no saving to the people in looking to the legislature for support of the schools; the people must pay, and why shouldn't each community make its own levy?

In this way, each community can have as good school as it wishes, and it doesn't have to beseech the legislature to levy a tax that it can levy itself.

Every community, whether large or small, should take an interest in its educational facilities, and the best way to promote that interest is to lay taxation direct and thus cause an interest in the proper expenditure of every dollar.

Nothing is saved to the people—in fact, it's a waste—by looking to the legislature for support of the schools, for the legislature, bear in mind, must first collect the tax before it can make the appropriation.

If there be here any false reasoning, we shall be only too glad to have any one of you, brethren beloved, set us right; all we want in this connection is what's best for the rural schools.—Waco Times-Herald.

NOTICE FROM THE TREASURY DEPARTMENT

San Antonio, Tex., July 4.

Dear Sir:

Two or three men are going about your section of State and passing $10 Federal Reserve notes altered to represent $50, this being done by pasting figure "5" over the figure "1" on $10 notes

These notes are principally being passed on Gent's furnishing stores, and would respectfully ask that you warn banks and stores to be on the lookout for these counterfeiters and cause their arrest, should they appear in your city.

Please wire me, charges collect, any information obtained in connection with these men.

Respectfully yours,
EDWARD TYERELL,
Agent in Charge.

666 cures Malaria, Chills and Fever, Bilious Fever, Colds and LaGrippe or money refunded.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

The NEW EDISON
"The Phonograph with a Soul"

A Dismal day for two vacationists in the country

Oh Joy! Edison's latest Broadway hits arrive

Edison is first with Broadway Hits

EDISON'S Special Broadway Hit Service has brought Broadway right into our store. We can put Broadway into your home. Come to our store and listen to Edison's July Broadway hits, if you want to hear the same hits that Broadway is singing, dancing and whistling this very moment.

If you do not own a New Edison, we shall be glad to loan you one on three days free trial, together with the latest Broadway hits.

Not until you have a New Edison in your home, can you appreciate what music will do for you; how it will revive you on a hot day; drive away the blues; banish worry, and refresh you when you are exhausted.

Mr. Edison's $10,000 Prize Offer

You have probably heard about Mr. Edison's famous $10,000 Prize Offer for a four or five word phrase, which will distinguish the New Edison from other phonographs and talking machines. Ask us for information about this prize offer. Having a New Edison in your home will give you ideas for prize contest phrases.

You fill out the coupon and we loan you an Official Laboratory Model—the only phonograph that can sustain the test of direct comparison with the living artist.

3 Day Trial Coupon

Why An Optometry Law?

Forty-seven States in this country have passed legislation regulating the scientific fitting of glasses—OPTOMETRY. Texas alone has no such restrstriction hence the outcasts from the regulated States are flocking here and defrauding our people and often selling them glasses that strain the eyes instead of making them comfortable. Every citizen should see his legislators and request them to favor such regulation in Texas.

Published by the Optometric Society of Texas

BEAR CATS Are WINNING

CAMERON AT THORNDALE.
Saturday, July 9th.

In the best played game to date the Thorndale "Thorns" defeated the Cameron Bear Cats two to nothing on Saturday afternoon at Thorndale. McMillen, pitching for Thorndale allowed only three hits, while Kohlman was touched up for seven hits. In the fifth and sixth the Thorns made one each either of which was sufficient to have won this game.

CAMERON VS. EDDY.
Tuesday, July 12.

In the first game this season in which a game was won on a forfeiture Cameron was awarded the game of Tuesday afternoon against the Eddy team. At the end of the ninth inning the score stood tied up five and five. Eddy asked Umpire Walters to call the game but the ump saw no reason why the game should not go on, as at least an hour could be played before darkness interferred. The tenth inning was started and Eddy was blaked in one, two, three order. In Cameron's half of the tenth, Boggess led off with a clean single and advanced to second on an overthrow by Eddy's shortstop. It was at this juncture the Eddy players was called off the field and refused to play any further. Thereupon Umpire Walters declared Cameron the winner.

Base on errors, by Cameron 2, by Eddy 1. Umpire, Walters. Scorer, Pope.

CAMERON VS. MARLIN
Wednesday, July 6th.

In a very loose and uniteresting game played before an equally uninterested bunch of fans who are loyal even to the bitterest end always to be found, Cameron made it two straight this afternoon ten to nothing. Eckhart pitched shut-out ball from the go and Marlin seemed to have lost their pep and hope of ever winning any ball game from the Bear Cats after the fourth inning. In the third frame the Cats scored three runs and added to their lead in the next frame by annexing four more. In the seventh one score was made and two in the eighth ended the scoring. Box score and summary shows the game in detail. Peel's batting featured.

Hit by pitcher, Whitlock. Umpire, Cooley. Scorer Pope.

CAMERON AT TAYLOR
Sunday, July 10th.

The defeat handed the Bear Cats at Thorndale on Saturday seemed to have taken some of the "we can't lose" spirit out of the Cats and when the started their game at Taylor on Sunday afternoon it was a very different tune from the one played the previous day. Cagle, pitching for Taylor proved to be no enigma for our boys and a total of twelve hits, together with errors on the opponent's side, netted the Cats twelve runs. Every Cat in the line up hit safely at least once except Falk, who has now gone hitless in nine trips to the plate. Craig, the new catcher acquired by the Cats while at Marlin, and who has appeared in five games to date has left for the Mississippi State League, having signed up for the rest of the season with Clarksdale, Miss

Hit by pitcher, L. Talley. Umpire Collins. Scorer, Pope.

CAMERON AT MARLIN
Thursday, July 7th.

With the addition of two new faces in their line up the Bear Cats their third straight game at Marlin Thursday by the topheavy score of twelve to five. Offensively and defensively the Cats proved to outclass the "waterboys" and the Cats improved their batting averages considerably at the expense of the Marlin pitchers. Eason, who relieved Gowling in the third inning, was handed the job of stopping the Marlinites. Marlin had scored four runs and the bases were loaded when Eason assumed the task and retired the side without allowing a hit nor any further scoring. One hit was registered off his pitching in the fifth frame and three hits in the ninth which netted the "waterboys" the only run scored off Eason.
